A MESSAGE FROM OUR FOUNDER
A FAMILY COMPANY

In a dynamic marketplace, marked by global changes and disruptions, the MSC Group proudly stands out as a unique world leader in transportation. Despite our extensive global presence and large-scale operations, we remain a family company at heart, sharing a common heritage and strong values.

“Ours is a business built on a genuine passion for the sea, on undeniable nautical heritage, and on an unfaltering commitment to people and communities.”

As a recognized and respected leader in container shipping and logistics, we honour the roots that set us apart. Our journey started in 1970 and has evolved from a single-vessel cargo operation to the largest fleet in the world.

Our continuous growth has led MSC to strategically expand into a diverse portfolio of transport and logistics solutions, including sea, rail, road, and terminal infrastructure. Responding to customer demand, we launched MSC Air Cargo in late 2022.

Today, the MSC brand is synonymous with excellence as a world-leading cargo carrier, a respected terminal operator in some of the busiest ports, an award-winning cruise company, and a provider of numerous passenger ferries and land transport solutions.

Even with our vast size, we have always kept people at the core of our business. This approach is embedded in the way we care for our staff and their careers—on land and at sea—and in our relationships with each of our individual or business customers.

MSC’s dedicated team of employees around the world is always eager to share more about our unique story and exceptional breadth of services.

We look forward to supporting your commercial or personal journeys for many years to come.

Sincerely,
 Capt. Gianluigi Aponte

OUR VALUES

Our values shape our culture and define the character of our Company. They guide how we behave and make decisions, they influence recruitment of employees, and they are fundamental to our operations.

WE ARE A FAMILY COMPANY

The commitment of the founding Family inspires us with dedication and trust, increasing our sense of belonging. Sharing the family’s entrepreneurial spirit leads us to act proactively, courageously, and responsibly, in the best interest of our customers and our Company.

WE ARE IN CONTINUOUS EVOLUTION

Our tradition, expertise, professionalism, and ambition drive the Company’s fast and sustainable growth. We strive for the most innovative solutions to embrace change, always respecting safety and the environment.

WE HAVE PASSION

We are passionate about what we do, we challenge ourselves to achieve excellence, and we are tenacious in overcoming obstacles. Working together with passion and enthusiasm, we provide a unique experience for our customers.

WE CARE FOR PEOPLE

We believe that each person brings unique value. We develop authentic relationships built on ethics, respect, and team spirit. We truly care about the satisfaction and loyalty of our customers and employees.

WE BELIEVE IN EQUAL OPPORTUNITIES

Our mission is to provide our people with personal fulfillment and enrichment. We are committed to sharing our knowledge, delivering training and support enabling our people’s professional growth. We ensure fair opportunities providing long-term career development, embracing diversity and valuing all cultures.

CAPT. GIANLUIGI APONTE
 Group Chairman

DIEGO APONTE
 Group President

ALEXA APONTE VAGO
 Group Chief Financial Officer

CARGO DIVISION

PASSENGER DIVISION

OTHER ENTITIES

THE MSC GROUP

Headquartered in Geneva, Switzerland, and privately owned, the MSC Group is a global business engaged in the transport and logistics sector.

The Group includes a **Cargo Division** featuring MSC Mediterranean Shipping Company (MSC), Terminal Investment Limited (TiL), MEDLOG, MSC Air Cargo, Africa Global Logistics (AGL), Log-In, WEC Lines, MedTug, Gram Car Carriers, and CLASQUIN.

Additionally, the **Passenger Division** is led by MSC Cruises and Explora Journeys, complemented by Mediterranean passenger ferries operated by Grandi Navi Veloci (GNV) and SNAV. Italo, Italy's first private high-speed rail operator, joined the Group in April 2024.

Alongside the success of the container shipping and cruise businesses, the Aponte family sought to diversify the MSC Group by welcoming Mediclinic, a leading private healthcare provider in 2023.

The MSC Group's values are reflected in substantial long-term partnerships that actively engage in achieving meaningful change. The MSC Foundation, established as a private non-profit entity in 2018, leads, focuses, and advances these commitments.

Today, the MSC Group employs **over 200,000 people worldwide**.

FINDING SUSTAINABLE SOLUTIONS, TOGETHER

The MSC Group's strong core values and long-term view drive our commitment to sustainability, which is embedded across our business and reflected in all that we do.

We recognize our role in connecting the world and take pride in acting responsibly, collaborating across and beyond the **MSC Group to find solutions to today's global challenges and those of tomorrow**. We believe that operating responsibly and sustainably benefits our colleagues, customers and the communities in which we operate. **Our sustainability journey reflects our commitment to advancing the Sustainable Development Goals**, as we navigate these challenges and seize the opportunities for our shared future.

Connecting the world goes beyond simply transporting passengers or cargo. **As a family company our focus is on building strong relationships with our customers**, joining forces to identify opportunities to innovate and solve challenges. With the largest orderbook of dual-fuel LNG newbuilding vessels, we are constantly adapting our fleet with the most effective solutions available to preserve our planet and the seas.

At MSC's Cargo Division, we **seek to act as a catalyst in accelerating the net-zero transition, building resilient supply chains and contributing to an inclusive global trade system**. MSC Cruises' journey toward sustainable cruises aims to make meaningful measurable changes that have a long-term positive impact on our passengers, our colleagues and the planet.

SUSTAINABILITY AT THE MSC GROUP

PEOPLE

- Human rights
- Health, safety and well-being
- Diversity, equity and inclusion

CLIMATE

- Net zero decarbonization by 2050
- Fuels and technology
- Energy efficiency

PLANET

- Biodiversity and ecosystems
- Responsible resource use
- Managing environmental impacts

COMMUNITIES

- Responsible business
- Resilient global supply chains
- Positive social and economic impacts

UNITING FOR CLIMATE ACTION

As part of our decarbonization pathway, **MSC is engaging in a massive overhaul of our assets**, with the delivery of new dual-fuel vessels as well as the progressive adoption of new fuels, systems and technologies. Energy-efficient newbuilding vessels, trucks, trains and planes continue to be added to our global network, while electrified and hybrid yard equipment and infrastructure are being phased in at our terminals.

PROTECTING OUR PRECIOUS BLUE PLANET

MSC's passion for the sea is reflected in our efforts to **preserve biodiversity and ecosystems while contributing to a thriving blue economy**. We are committed to protecting endangered marine life and reducing the risk of strikes, safeguarding critical areas where whales feed and breed.

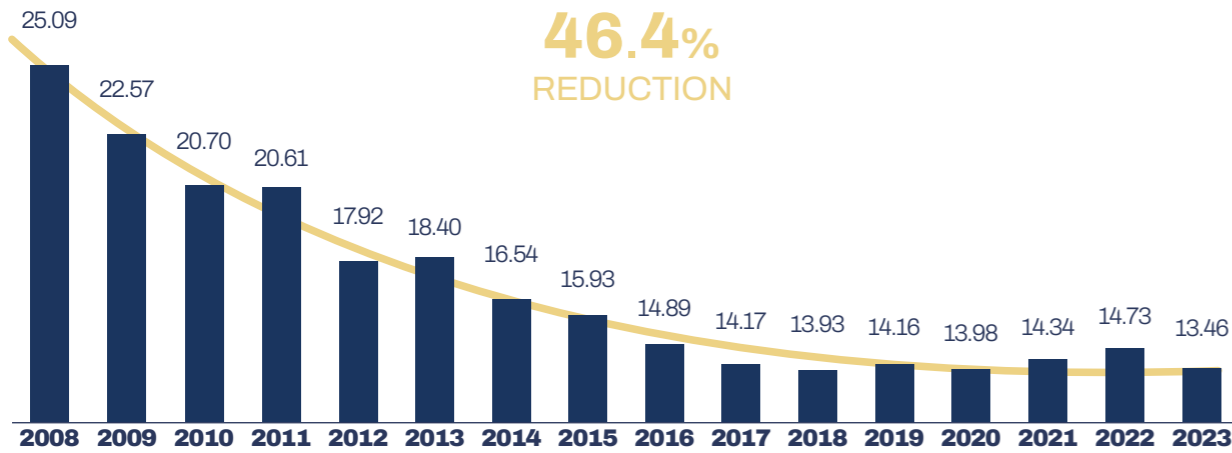

We maintain a firm position to avoid trade routes in vulnerable areas such as the Northern Sea Route.

We also recognize the crucial role we play in fighting illegal wildlife trafficking, contributing to the eradication of this illicit trade by ensuring strict control management and policies to break the chain between demand and supply.

MSC'S JOURNEY TO NET ZERO: REDUCING THE CARBON INTENSITY OF OUR FLEET

MSC MEDITERRANEAN SHIPPING COMPANY

msc.com

Founded by Captain Gianluigi Aponte, MSC Mediterranean Shipping Company (MSC) has been headquartered in Geneva, Switzerland, since 1978. A world leader, MSC provides timely delivery of goods and services to local communities, customers and international business partners across five continents. The Company's international headquarters supervise a worldwide network of offices with each having responsibility for commercial and operational activities in their respective countries.

MSC was crowned "Shipping Company of the Year" at the Seatrade Maritime Awards 2023. This prestigious accolade recognized MSC for its outstanding response in keeping

worldwide trade moving amid global and industry challenges, the Company's commitment and achievements in supply chain decarbonization, and its significant role in leading digitalization for the industry in the past year.

The world experienced a global economic downturn and ongoing industry challenges including exceptional market conditions, operational constraints and consequential impacts of the COVID-19 pandemic. Despite such unprecedented times, MSC continued to maintain a strong position across its cargo business, minimized disruptions to clients' supply chains and optimized their customer experience.

ADVANCING THE INDUSTRY THROUGH DIGITALIZATION AND SUSTAINABILITY

On the digitalization front, as a founding member of the Digital Container Shipping Association (DCSA), in February 2023 MSC committed to transitioning to 100% use of electronic Bills of Lading (eBLs) by 2030. This milestone represents a significant step forward for MSC, its customers and the industry. Meanwhile, in line with its commitment to net-zero decarbonization of its fleet by 2050, MSC prepared a range of robust measures to ensure compliance with the latest IMO regulations. This includes a new voyage optimization programme rolled out earlier this year, pursuing a range of alternative fuel solutions as well as modernizing its fleet through the industry-leading new building programme.

Over the years, MSC has invested in several initiatives and has further diversified its business-related activities. The Company has seen exponential growth in terms of both volume and fleet capacity, and now serves millions of customers globally, with a 365-days-a-year operation.

Today, our focus remains true to our roots, building and retaining long-term trusted partnerships with customers of all size and scale.

A MODERN, EFFICIENT FLEET

MSC Tessa (built 2023), 24 116 TEUs, and MSC Venice (built 2016), 16 652 TEUs

MSC operates one of the youngest fleets in the world, including some of the world's most low-carbon footprint vessels available today.

Our ultra large vessels (Gülsün Class and Celestino Maresca Class) help us in achieving economies of scale, resulting in lower carbon emissions per container carried. MSC launched its new record-breaking 24,000+ TEU Celestino Maresca class vessels in July 2023 – the biggest and most fuel-efficient containerhips by design.

In recent years, MSC has made investments in LNG-fuelled vessels. In 2022, MSC saw its first four newbuilding dual-fuel LNG-capable container vessels in operation. MSC is committed to maintaining a modern fleet that will advance progress towards net-zero decarbonization by replacing conventional fuel vessels with dual-fuel capable vessels in the short term, including those fuelled by LNG.

In addition to our substantial investment in new and technologically advanced vessels, we continue an extensive retrofit programme and other measures to achieve optimal efficiency. We also actively explore a range of alternative fuels and propulsion solutions that will help the business move even closer towards net-zero, and we see cross-industry collaboration as crucial to scaling these solutions for the maritime industry.

ENABLING SUSTAINABLE SUPPLY CHAINS

Since the beginning of our operations, MSC has contributed to global economic growth and to the development of international trade. We bring our vessels to where there is a need for our services, continuously changing our routes and creating new lines to serve people on all continents.

“We not only transport goods, we connect people and continents.”

Diego Aponte
Group President

For over 50 years MSC has gone beyond the port, developing an integrated network of road and rail solutions across the world, connecting remote areas and expanding inland infrastructures. We offer door-to-door services and provide cargo-related businesses

including depots and logistics services such as warehouses and maintenance and repair of containers, contributing to the development of shipping-related industries throughout Africa, Latin America and Asia.

At every step we offer specific industry and technical expertise, supporting our customers and facilitating their understanding in areas such as breakbulk, reefer transport or issues such as hazardous cargo. At MSC, we pride ourselves on offering a global service with local knowledge. Our customers rely on our in-depth understanding of local markets, the dynamics of

specific trades and any factors affecting the transit of cargo. We ask questions, provide pertinent trade and geographical insights, ensure we have truly understood our customers’ business ambitions, and always seek – and act upon – their invaluable feedback.

We view all our engagements as part of a long and mutually successful business relationship. MSC is proud to be a stable and reliable partner in the journey of thousands of businesses globally.

A PORTFOLIO OF SOLUTIONS TAILORED TO YOUR NEEDS

At MSC, we are continuously adapting our corporate practices, investments, activities and operations around the globe to a changing and unpredictable market. We support our customers with right solutions to face the challenges of transforming supply chains.

Our offering encompasses:

- Shipping solutions
- Inland transport & logistics solutions
- Digital solutions
- Cargo cover solutions

OUR PORTFOLIO OF SOLUTIONS

SHIPPING

TRADE SERVICES

MSC's trade managers have an in-depth understanding of individual overseas markets and the dynamics of specific trades. Our experts offer market-specific, local advice on factors affecting the transit of any type of cargo. These may include:

- Terminal conditions
- Local or overseas transport infrastructure
- Berthing delays or congestion
- Local or overseas regulatory and political changes
- Any relevant customs procedures

DRY CARGO

MSC provides equipment, know-how and experience to move commodities such as paper, cocoa, coffee but also to safely handle other types of cargo: hazardous, food-grade, rare and precious.

REEFER CARGO

MSC owns one of the largest reefer container fleets in the world and offers unrivalled customer care and expertise in the global transport of refrigerated cargo (e.g. fresh fruit, meat products, seafood, pharmaceuticals and confectionery).

MSC iReefer

The most advanced monitoring system for reefer cargo available on myMSC.

PROJECT CARGO

We provide global out-of-gauge and breakbulk solutions. As experts in the transportation of oversized cargo, we have access to specialized equipment and handling facilities such as container lift trailers, floating cranes and cargo securing solutions.

LIQUID CARGO

We provide a single point of contact for our customers' liquids supply chain. Our complete package of in-house services (including supplying and fitting flexibags) covers all bulk liquid transportation needs, using our shipping equipment.

THERMAL LINER

When shipping sensitive cargo, we understand that precision and care are required. That's why we developed our thermal liner solution to safeguard your cargo and offer you additional peace of mind.

VALUE-ADDED SOLUTIONS

Additional solutions complement our shipping solutions' portfolio to meet the specific needs of our customers when it comes to ocean freight.

INLAND TRANSPORTATION & LOGISTICS

INLAND TRANSPORT

MSC offers intermodal transportation by road, rail and barge, enabling door-to-door delivery and connectivity with global inland commercial centres.

WAREHOUSING & STORAGE

Our network of warehouses, adding up to millions of square metres around the globe, means that we can offer a broad range of solutions with door-to-door cargo integrity.

We can provide comprehensive pick/pack, de-stuff/palletize, bulk stack, and storage solutions and facilities.

CUSTOMS CLEARANCE

Our customs clearance services ensure a smooth and transparent transportation process, minimizing any unnecessary delays or senses. In addition, many of our global network of agencies are AEO (Authorized Economic Operator) accredited businesses.

DIGITAL BUSINESS

At MSC, we believe that digitalization has the power to make shipping more efficient, secure and sustainable.

myMSC

Our official 24/7 eBusiness platform on msc.com allows you to place and manage their bookings, submit documents, track your shipments and receive notifications, and view everything at a glance, on various devices.

MSC eBL

MSC eBL is our digital solution for processing the Bill of Lading (BL) with one click. This secure, user-friendly solution helps you and your business partners save time, reduce costs and take another step towards your sustainability goals.

MSC SMART CONTAINERS

Shipping with MSC means having real-time information about your freight any time, door-to-door, on sea, rail or road. Our Smart Containers allow you to track your cargo, know the conditions of temperature and be informed of shocks and doors status.

CARGO COVER

MSC understands the financial and emotional stress caused to businesses by cargo loss or damage. We offer a comprehensive coverage for your cargo for maritime and inland transportation.

MSC EXTENDED PROTECTION

We provide a one-stop shop approach: a quick quotation and a speedy service with no hidden costs. All your cargo claims will be handled by our dedicated team via our fast-track procedure. This ensures swift claims resolution, processed within 30 working days.

MSC MARINE CARGO INSURANCE*

For letter of credit requirements, fresh cargo, such as fresh fruit and vegetables, dairy products, chilled meat or pharma, you can opt for the MSC Marine Cargo Insurance.

We collaborate with trusted local insurance partners to deliver comprehensive cargo insurance coverage. All our policies are provided on a full cover basis (all risks ICC A terms).

*Subject to territorial availability

MSC SHIPMANAGEMENT

The technical management of MSC's vessels and crew management are handled by MSC Shipmanagement technical offices, respectively located in Limassol, Cyprus and Sorrento, Italy. The technical management of the ship includes the procurement of stores and spare parts, vessel maintenance, daily monitoring of vessel performance in terms of fuel efficiency, vessel condition assessment and upgrade, dry-dockings and retrofit projects, classification and regulatory compliance, assistance on insurance cases, optimization of new and existing vessels design for cargo handling, research and new building vessels supervision, research, design and construction.

The Company also manages crew training centres in India, Ukraine, Italy and Montenegro.

ISO Certifications

MSC Shipmanagement is one of the few companies whose entire operated fleet and shore office is accredited with ISO 9001 (Quality management), ISO 14001 (Environment management certification), ISO 50001 (Energy management system certification), ISO 27001 (Information security management system) and ISO 45001 (Occupational health & safety management standard).

Since 2015, the Company has followed the guidance provided by ISO 26000 on Social Responsibility to further improve and implement socially responsible processes and behaviours throughout the organization and in its business practices.

In addition, MSC Shipmanagement received the DNV Excellence 5 Stars Certification (2018–2021) stating its compliance with high state-of-the-art standards for the operation of container carriers, car carriers, and bulk carriers in the categories of fleet, management systems, safety & security, environment & efficiency.

KEY AWARDS

MSC Shipmanagement is an employer of choice and has received numerous awards from both governmental and non-governmental organizations in just 15 years of its operations, including:

Gold Environmental Protector award for 2022 and 2023

Pancyprian Environmental Awards for Organizations and Businesses from the President of Cyprus

Golden Guardian of the Environment 2023

Cyprus Environmental Awards for Organizations and Businesses from the President of Cyprus

Investors In People (Platinum Award) 2023

for MSC Shipmanagement Cyprus office

Maritime Excellence Achievers Award 2023

the Government of India

KEY ACTIVITIES

- Crew recruitment and selection
- Crew training and professional development
- Crew and shore staff leadership development
- Technical management
- Quality and safety management
- Environmental compliance
- Life cycle management of the ships
- Initiative and collaboration with industry partners for shipping decarbonization and alternative fuels development
- Research and development for optimizing fleet in service
- Development of best practices for all activity areas in collaboration with the industry

MSC AIR CARGO

msc-aircargo.com

SEAMLESS AIR SOLUTIONS FOR SAFE, SWIFT GLOBAL TRADE

MSC Air Cargo enhances the MSC Group's logistics portfolio with a fleet of seven state-of-the-art aircraft (five operational + two on order), including fuel-efficient Boeing 777F freighters. Operating across Asia, the Americas, and Europe, we provide reliable, fast, and flexible air freight solutions tailored to diverse customer needs.

Strategically aligned with global trade corridors, our services combine point-to-point operations with an extensive Road Feeder Service (RFS) network, ensuring smooth, end-to-end logistics. Whether handling pharmaceuticals, perishables, or automotive components, we deliver unmatched expertise and precision, offering tailored solutions for every shipment.

With one of the most fuel-efficient, brand-new fleets in the industry, MSC Air Cargo is setting new standards for speed, reliability, and performance in air logistics.

TIL TERMINAL INVESTMENT LIMITED

tilgroup.com

TiL ranks among the world's largest and most geographically diverse container terminal operators. Over the past 15 years, our average annual throughput growth rate has exceeded 9%, significantly outpacing the industry average of approximately 4%.

Active in 31 countries across five continents, with highly strategic assets located in key gateways for global trade, TiL is present at 9 of the world's 30 busiest ports by volume: Singapore, Ningbo, Busan, Rotterdam, Antwerp, Los Angeles, Long Beach, Newark (New York–New Jersey) and Valencia.*

TiL continuously invests in terminals worldwide, focusing on highly strategic assets in key global trade gateways. We also commit to greenfield developments, having established significant container terminals in the Port of Santos (Brazil) and the Port of Lomé (Togo). Currently, TiL is developing multiple large-scale projects, including a new 2M TEUs container terminal in the Port of Baltimore. This terminal will enhance critical handling capacity, serving the Washington–Baltimore hinterland and acting as a key gateway for intermodal transport to the US Midwest.

MEDLOG SOLUTIONS

INLAND TRANSPORTATION

TRANSPORT SOLUTIONS BY TRUCK/RAIL/BARGE

Your cargo is in safe hands with our efficient and reliable multimodal transport solutions by road, rail and barge.

TRUCK

Wherever you are in the world, our trucking solution includes full truck load and unload as well as LTL (Less than Truckload) and FTL (Full Truckload) shipments. The safety of your cargo is our priority, so our trucks are equipped with a GPS, enabling you to track their position, itinerary and speed in real time. Ninety per cent of our newly acquired vehicles have the highest performing energy class (EURO 6), bringing the average age of our truck fleet to six years. In addition, MEDLOG has ordered e-trucks in certain countries, with the support of local authorities.

RAIL

Rail transport is cost-effective, safe and environmentally friendly. We are constantly expanding our MEDWAY rail operations and connections between port terminals and inland terminals, many of which are managed by MEDLOG. We also have several public-private partnerships (PPP) and long-term agreements with state-owned railways. To meet our clients' needs, we invest in the latest-generation electric locomotives, wagons and specialized equipment such as gensets for reefers, swap bodies for general cargo, and tank containers for liquid and gases.

BARGE

Save time and costs with our fast, flexible and competitive barge solutions which connect a growing number of river terminals.

INLAND INFRASTRUCTURE

INLAND CONTAINER DEPOTS

We have the facilities to store, maintain, repair, clean (normal and biodegradable chemical wash) and upgrade containers (both general purpose and reefers). This enables us to release containers on time and up to specific standards, helping steamship lines to manage their fleets more efficiently. We also support with:

- Garment rack installation/removal
- Flexibag installation/removal
- Food grade quality upgrades

CONTAINER FREIGHT STATIONS (CFS)

Our accessible logistic platforms make it easy to avoid port-area congestion. We handle laden containers and commodities with the highest levels of efficiency and precision. Our solutions include:

- Fully bonded storage facilities
- Customs procedures management
- Container stuffing and devanning
- Pre-stacking and cross-docking operations

COLD STORAGE, DRY WAREHOUSING AND DISTRIBUTION

Your goods are safe in our warehouses (bonded and non-bonded), where we store, preserve and hold cargo in a systematic and orderly way. We can also take care of:

- Stock safety and replenishment
- Palletization and de-palletization
- Cargo reception and tally
- Other solutions such as kitting, labelling, assembling and sewing
- Cold storage solutions

Temperature-controlled warehouses provide storage for temperature-sensitive cargo, both frozen and chilled goods. Thanks to state-of-the-art temperature monitoring systems, we maintain the correct temperature at all times so the quality of your product is preserved throughout your supply chain. Our systems and processes ensure full traceability and the highest standards of quality and certification.

When it's time for your cargo to move on, you can rely on our extensive distribution network to deliver your goods directly to your end customers.

VALUE-ADDED SERVICES

CUSTOMS HOUSE BROKERAGE

From the start of your cargo's journey to its final destination, MEDLOG gives you complete peace of mind. Whether you are importing or exporting, our experienced team know which regulations apply and which documents to submit. They will guide you through customs clearance procedures, including cross-border documentation and customs formalities.

REEFER SERVICES

To keep perishable or sensitive cargoes in perfect condition, our comprehensive reefer solutions include pre-trip inspections, refrigerated warehouses, plugging stations, gensets and container monitoring solutions.

PROJECT CARGO AND INDUSTRIAL LOGISTICS

Built on years of experience, our breakbulk and out-of-gauge cargo handling solutions include:

- Freight evaluation/inspection
- Site survey
- Abnormal permits (where applicable)
- Route clearance
- Special equipment

PORT AGENT/SHIP CONSIGNMENT

Owners, charterers and masters have access to a wide range of services. Our team is experienced in every operation for every vessel type, including container ships, Con-Ro, Ro-Ro or breakbulk vessels.

FLEXIBAGS

Flexibags (also known as flexitanks) are airtight, collapsible flexible bags that are ideal for transporting liquids. The bags are filled with liquid and fit snugly and safely inside a regular dry container. Dry containers hold capacity for up to 24,000 litres of liquid or non-hazardous chemicals; offering a safe, cost-effective and eco-friendly alternative to traditional liquid transportation methods, such as ISO tank containers. MEDLOG offers a complete range of flexibag logistic solutions, making liquid transportation an easy choice for customers.

WEIGHING AND FUMIGATION

We provide certified VGM documentation for export shipments. Our experts can also carry out the appropriate fumigation treatment for packaging and stowage cargoes, as well as containers.

AUTOMOTIVE CONTAINER SHIPPING

Whether you need to transport production or service parts, cars, trucks, or electric vehicles, MEDLOG offers a wide range of solutions for you.

AGL AFRICA GLOBAL LOGISTICS

aglgroup.com

AT THE HEART OF AFRICA'S TRANSFORMATION

Africa Global Logistics (AGL) joined the MSC Group in December 2022 and is the reference multimodal logistics operator (port, logistics, sea and rail) in Africa. Having developed its expertise over more than a century and with more than 23,000 employees working in 50 countries, AGL provides its African and global customers with global, customized, and innovative logistics solutions, with the goal of contributing in a sustainable way to the transformation of Africa. AGL is also present in Haiti and Timor-Leste.

To this end, AGL's strategy aims to provide logistical solutions to Africa's key challenges: population growth, support for the development of intra-African trade, improvement of the living environment, digitalization and the energy transition.

With its network of subsidiaries, ports and rail concessions, AGL will contribute to improving Africa's connectivity to itself and to the rest of the world. This goal is one of the continent's major initiatives aimed at implementing the African Continental Free Trade Area (AfCFTA).

PORT SOLUTIONS

AGL offers unique expertise in the construction, development, modernization and management of containers, including roll-on/roll-off (RoRo) and inland port terminals in Africa, Asia (Timor-Leste) and the Americas (Haiti).

- Operation of port concessions: Container terminals, RoRo terminals, river terminals
- Development and project management of port infrastructure
- Ports Contract Management on behalf of authorities

SHIPPING SOLUTIONS

AGL's wide range of shipping solutions in Africa includes conventional stevedoring, shipping, dry port management and shipyard facilities. AGL provides conventional stevedoring services primarily in Africa and Timor-Leste for all types of cargo: bagged, bulk, RoRo, heavy lift, containers and more.

AGL offers consignment and handling services through a large network of agencies for customers of regular lines, but also tramp operators under its brand Afritramp.

- Shipping agency services: Coastal and hinterland countries
- Stevedoring/shore handling services: Projects, dry bulk, RoRo
- Off dock solutions: Container depot (full/empty) Stuffing/stripping/pre-delivery, Inspection for RoRo maintenance & repair
- Timber terminals
- Shipbrokers
- Shipyards

LOGISTICS SOLUTIONS

AGL has a network of agencies and logistics hubs at strategic international trade locations across the continent. With in-depth market knowledge and supply chain expertise, AGL can meet the demands to meet the demands of import customers. AGL also takes care of all the administrative and customs formalities.

AGL's presence along all of Africa's transport corridors means we can provide multimodal transport, implement contract logistics solutions, deploy our global supply chain expertise and offer custom services for industrial projects

- Global supply chain (4PL)
- International freight forwarding
- Multimodal corridor management
- Customs and regulatory compliance
- Contract logistics
- Dedicated yards & warehousing capacities
- Industrial projects
- Expertise in key industries

RAILWAYS SOLUTIONS

AGL operates two rail concessions – SITARAIL (between the Ivory Coast and Burkina Faso) and CAMRAIL (in Cameroon) – enabling the smooth multimodal flow of goods and people between neighbouring countries and helping to improve accessibility to inland areas. We manage and develop commercial multimodal passenger and freight transport services and build, upgrade and modernize rail infrastructure (track, engineering structures and buildings).

- Operator of railways concessions, including passenger services
- Provider of railway freight solutions
- Construction, maintenance and rehabilitation of railway infrastructure
- Maintenance of rolling stock
- Yards & warehousing commodities
- Expertise in key industries

LOG-IN

loginlogistica.com.br

Log-In is a coasting trade company and integrated logistics operator headquartered in Brazil. It plans, manages, and operates the best solutions for cargo movement by means of cabotage, complemented by road transport. Thanks to an extensive intermodal network and a wide geographical coverage throughout Brazil and Mercosur, it has an integrated network that facilitates port movement, door to door transportation and even offers cargo storage at its terminals.

INTEGRATED LOGISTICS SOLUTIONS

Log-In simplifies logistics through smart, customized projects, offering better alternatives that enhance the productivity and efficiency of your business, all while ensuring the highest level of security. It offers solutions like multimodal warehousing and terminal operations; port management; and road transport fleet management.

COASTING TRADE

A leading player in cabotage, Log-In currently interconnects the main ports of Brazil, Argentina, Paraguay and Uruguay — from Manaus to Mercosul — by means of regular coasting trade services with weekly calls.

ROAD TRANSPORT

Log-In offers road transport to complement the door-to-door intermodal logistics service.

INTERMODAL TERMINALS

Log-In operates on strategically positioned intermodal terminals in Brazil, a proof of its commitment to providing customized logistics solutions. The terminals complement the services of movement and storage of cargoes, enlarging the range of its logistic planning.

THE VILA VELHA TERMINAL (TVV)

Located in the State of Espírito Santo, the multipurpose facility has a handling capacity of 350,000 TEUs per year. The TVV is an excellent alternative for cargo import and export operations, offering routes to the main domestic and international ports and meeting the needs of a wide variety of cargo types.

TECMAR ROAD TRANSPORTATION

Specialist in LTL (Less than Truckload) and FTL (Full Truckload) transport, complemented with Storage Management and transport with cabotage. The Olivia Pinto company, acquired in the end of 2022, has a strategically located branch in the Industrial District of Manaus (5 Km from customs ports and major industries).

WEC LINES

weclines.com

WEC Lines is a medium-sized container shipping line with intermodal connections. Headquartered in Rotterdam, the company also has branches e.g., Felixstowe, Hamburg, Antwerp, Barcelona, Valencia, Bilbao, Nantes, Nairobi, Mombasa, and Kampala, as well as a large worldwide agent network, including joint ventures in Lisbon, Casablanca, and Cairo.

+50 YEARS OF EXPERIENCE

WEC Lines was one of the front-runners containerizing coffee and tea from East Africa. Today, for over five decades, WEC Lines has been connecting Northeast Africa, the Red Sea, and Southern Europe to Northwestern Europe, with highly frequent, environmentally friendly services.

Its shipping solutions focus on Belgium, Germany, the Netherlands, the United Kingdom, Portugal, Spain (incl. Canary Islands), Morocco, Egypt, Kenya, Djibouti, and Uganda. WEC Lines has a personal approach and is easy to do business with.

CONTINUOUS OPTIMIZATION

Working towards a net-zero transport network and continuously optimizing its services, WEC Lines avoids road transport whenever possible, relying on rail and barge services for inland connections instead. For instance, with multiple departures per week, WEC Lines connects Barcelona, Valencia, Madrid, Zaragoza, and Agoncillo (La Rioja) directly via rail with three dedicated block trains to ports such as Liverpool, Thamesport, Rotterdam, Antwerp and Montoir.

MEDTUG

medtug.eu

Towage is an essential infrastructure service in increasingly saturated harbours, vital for port operations, facilitating timeliness and mitigating the risk of incidents. MedTug is a leading global harbour towage operator that joined the MSC Group in May 2023.

Founded in Italy in 1922, MedTug is the biggest operator in Italy and over the past ten years, it has broadened its scope to become number one in the Mediterranean Sea and built a footprint in three continents, namely Europe, South America and Asia. MedTug operates across over 30 ports and has developed reliable long-term partnerships with maritime authorities delivering unique expertise.

LEADING THE WAY IN THE HARBOUR TOWAGE SERVICE

- Harbour and terminal towage
- Offshore services
- Open sea salvage and special operations

MedTug has grown over the years to become a partner of choice for ports and global shipping liners. MedTug keeps investing in its fleet, adopting the latest market standards and technologies to reduce its environmental impact.

A DESIRE FOR DISCOVERY

EXPLORING THE WORLD'S MOST ATTRACTIVE DESTINATIONS

With an array of over 300 exciting itineraries all over the world in 2024, MSC Cruises carefully crafts each itinerary to showcase the best of the region and offer the ultimate holiday experiences. Holidaymakers can choose from five continents, four seasons, and a rich selection of cities, beaches, nature reserves, cultures and landmarks.

The Company offers an incredible choice of destinations in the Mediterranean, Northern Europe as well as the Caribbean, South America, southern Africa, the Gulf and Asia. MSC Cruises provides exclusive access to some of the most beautiful and remote beach destinations in the world, including MSC Cruises' exclusive private island in The Bahamas, Ocean Cay MSC Marine Reserve. A one-of-a-kind island experience with over 2 miles of white sand and crystal blue waters. Designated a 'Hope Spot' by the non-profit organisation Mission Blue, Ocean Cay is home to the MSC Foundation's flagship Super Coral Programme, dedicated to restoring coral reefs.

EXCLUSIVITY & PRIVACY IN A WORLD OF CHOICE

MSC YACHT CLUB

Discover an exclusive sanctuary where privacy meets luxury, personalised service promises unparalleled comfort, and every memory lasts a lifetime. The MSC Yacht Club has all the intimacy of a boutique hotel at the heart of our cruises' world of choice. Savour the uniqueness of this all-inclusive private escape alongside the broader offerings of each ship. From elegant suites and secluded venues to dedicated round-the-clock Butler and Concierge Services and gourmet dining, this benchmark for at-sea bliss elevates each day and makes every possibility pure perfection.

EXPLORA JOURNEYS

explorajourneys.com

DISCOVER THE OCEAN STATE OF MIND

Explora Journeys is the new luxury lifestyle travel brand launched by the MSC Group with the ambition of reinventing the luxury cruise category for a new generation of discerning, cosmopolitan travellers.

Explora Journeys represents the summation of a long-held dream of the Aponte Vago family to redefine the luxury ocean experience and create a category of its own.

Instead of cruises, Explora Journeys is creating journeys – of the mind and across the oceans of the world – restoring life's essential balance with a combination of discovery, curiosity and appreciation for wellbeing.

The concept: vibrant, cosmopolitan, relaxed European luxury at sea, visiting places on and off the beaten track.

On board: spaces that offer guests relaxed luxury, creating a home at sea. Restoring life's essential balance with a combination of discovery and appreciation for wellbeing and nature. This is what our new discerning travellers have asked for and this is what they will enjoy on Explora Journeys.

At the heart of the MSC Group is a passion for the seas, oceans and waters that sustain our planet. This has carried through generations of the Aponte family and will do so into the future.

It is why the ocean will always remain at the forefront of the Explora Journeys experience. It connects you with yourself, people and the places around you creating an emotional connection that is powerful, transformative, yet universal.

WE CALL IT THE OCEAN STATE OF MIND

All that we do is designed to offer refined yet effortless luxury, with the opportunity for exploration and transformation of the inner and outer self, resulting in a state that is uniquely rewarding — physically, intellectually and spiritually.

“With over 300 years of seafaring EXPERIENCE and a PASSION and RESPECT for the oceans guiding all that we do, we believe that Explora Journeys can prove to be truly TRANSFORMATIVE, offering our guests a chance to experience an Ocean State of Mind.”

Pierfrancesco Vago
Executive Chairman of the MSC Group's Cruise Division

OUR DESTINATIONS

Explora Journeys is creating a collection of journeys that offer the perfect blend of celebrated destinations and lesser-travelled spots, both seen from a new and original point of view that will inspire and excite our curious, discerning travellers.

Whether that's treading the cobbled streets of Europe's hallowed capitals, savouring French chic in Saint Barths, or lolling beneath Hawaiian waterfalls and soaking up the sun-kissed shores of Colombia, Explora Journeys promises exclusive access that goes far beyond the classic luxury cruise experience.

EXPLORA I and EXPLORA II will navigate the azure wonders of the Mediterranean, where ancient history meets vibrant cultures, the Caribbean's turquoise expanse, where each island offers a unique rhythm of life, as well as the Red Sea and Arabian Peninsula, where mystique and modernity blend, unveiling bustling souks, desert oases, and breathtaking corals.

THE PERFECT GUEST EXPERIENCE

A SUBLIME HOME AT SEA

Drawing on the expertise of the world's foremost super-yacht architects and designed in collaboration with leading Italian and European lighting specialists and furniture makers, the 461 spacious and sophisticated Ocean Suites, penthouses and residences onboard EXPLORA I and EXPLORA II—offer home-like comfort—each one created to bring guests closer to the ocean itself, with floor-to-ceiling windows and spacious private sun terraces.

Taking pride in being the perfect hosts, Explora Journeys has created a service style that epitomizes a sense of effortless luxury, delivered by a passionate and culturally intelligent team. This—in combination with an industry-leading host-to-guest ratio of 1 to 1.25—allows guests to truly relax and be themselves.

CULINARY AND BEVERAGE PHILOSOPHY

Taking influences from across the globe, the cuisine aboard Explora Journeys brings personality, sophistication and a dash of soul to dining at sea – whether enjoyed in one of the elegant restaurants, by the pool or on a private terrace.

EXPLORA I and EXPLORA II showcase six vibrant restaurants, 12 elegant bars and lounges, in-suite dining and a chef's kitchen, where guests can discover and enjoy exceptional cooking from around the world.

Each journey is inclusive of nearly all dining onboard, from Sakura's fine Pan-Asian cuisine to the sophisticated, French-influenced fare at Fil Rouge; from the European take on a high-end steakhouse at Marble & Co. Grill to Med Yacht Club's food infused with tastes and textures of Italy, Spain, Greece, France and North Africa.

Guests can indulge in a truly one-of-a-kind dining experience at Anthology, where refined Italian cuisine takes them on an extraordinary culinary journey. Curated by our esteemed Head of Culinary, Franck Garanger, the menu celebrates Italy's finest regional ingredients and flavors in every dish.

OCEAN WELLNESS

Ocean Wellness is a series of experiences inspired by the oceans' natural forces, where our guests can embark on personal journeys of inner discovery and rejuvenation.

The sensory wellness journey includes:

- The Spa – a 700+ sq m space featuring a salt cave, hydrotherapy pool, sauna, steam room and other facilities as well as highly-specialized treatments created with our partners Dr Levy Switzerland, Aromatherapy Associates and TheTides Wellness in one of eleven single and double treatment rooms
- Fitness centre and fitness studio with the latest high-performance Technogym equipment (Technogym Cases and Benches are available for use in-suite) and pilates reformers, reflecting an au courant approach to exercise. For those looking to harness the ocean's energy, the open air fitness allows guests to train whilst enjoying the sea breeze.

AN OUTDOOR EXPERIENCE CONNECTING GUESTS TO THE OCEAN

Generous outdoor decks – offering more than 6,200 sqm (66,736 sq ft) of spectacular sea views – combined with numerous indoor and outdoor whirlpools on the ship's promenade deck for an experience inspired by seas and oceans:

- three heated outdoor pools, including one adults-only
- 64 private cabanas
- one heated indoor pool with retractable glass roof, largest and only in category at 1,200 sqm (12,917 sq ft)
- five indoor and outdoor whirlpools
- several poolside and outdoor bars and lounges

Established in 1992, and today part of the MSC Group, GNV is one of the main Italian shipping companies operating in the field of passengers and freight sea transport: with a fleet of 25 ships, the Company operates 31 major routes in the Mediterranean Sea, to/from Italy (Sardinia and Sicily), Spain, France, Albania, Tunisia, Morocco and Malta.

Destinations include: Genoa, Civitavecchia, Naples, Palermo, Termini Imerese, Olbia, Porto Torres, Barcelona, Valencia, Palma de Mallorca, Ibiza, Formentera, Almeria, Tunis, Tangier, Nador, Sète, Bari, Durrës and Malta.

The Company constantly invests in terms of services improvement and optimization of the route network: in 2021 GNV announced a new seasonal line in Sardinia (Civitavecchia–Olbia), and five new connections in the Balearics.

The recent addition of the GNV Polaris, the first of four new Ro-Pax units to be incorporated into the fleet by 2026, marks a significant milestone for GNV. This initiative represents the inaugural phase of an ambitious fleet modernization project.

SNAV is an Italian company which operates ferry services in Italy and Croatia. The company includes a number of high-speed modern crafts, creating fast attractive route options within Italy, in the Gulf of Naples (Capri, Ischia, Procida, Castellammare and Sorrento), Aeolian Islands (Stromboli, Panarea, Salina, Lipari and Vulcano) and Pontine Islands (Ponza and Ventotene).

The SNAV fleet comprises high-speed vessels, hydrofoils, and catamarans. In the summer of 2024, they welcomed the first of their two new ecosustainable high-speed craft (HSC) passenger fast ferries, SNAV Sirius. The second ferry, SNAV Polaris, is currently under construction and is expected to be delivered in May 2025.

THE FIRST ITALIAN PRIVATE OPERATOR ON THE HIGH-SPEED RAIL NETWORK.**HIGH-SPEED TRAIN FLEET**

The Italo fleet comprises 25 cutting-edge AGV 575 trains and 26 Italo EVO trains. Both trains can travel at very high speeds, with the AGV 575 travelling up to 300 km/h and the EVO reaching a maximum speed of 250 km/h. All trains comply with the latest safety standard requirements. The Italo network connects 62 stations and 59 cities with 51 trains in a total of 118 daily trips; this broad coverage efficiently connects major Italian destinations from North to South.

A MODERN, REGULAR BUS FLEET

In May 2023, Italo enhanced its portfolio and acquired Itabus, a private long-distance coach company. Itabus offers intermodal services, including train and bus connections that link large cities, small towns and infrastructure hubs across Italy. With a fleet of 100 latest-generation MAN vehicles, Itabus provides integrated mobility services, offering 2,200 daily connections and 500 daily departures from more than 85 Italian cities. The Itabus fleet offers a superior quality service with double-decker buses (74 seats each) and two travel styles (Comfort+ or Top) and vehicles equipped with free 4G or 5G WI-FI, toilets, and on-board vending machines.

SUSTAINABLE FOCUS

Since its foundation, Italo has made sustainability a core operating principle. The company has a strong innovative spirit and is known for its environmentally-friendly transportation; the trains are currently built with 98% recyclable materials. Italo also actively works to manage resources based on a circular economy approach.

Italo is also committed to ensuring an inclusive working environment. In 2022 the company achieved first place among national transport companies in the Financial Times' Diversity and Inclusion Survey (with 50% of posts held by women, even in roles traditionally held by men). Ranking best-in-class for safety since 2015, Italo installed two defibrillators on every train in the fleet, and on-board staff are trained in first-aid response. In a world-first initiative towards health and well-being, in 2021 Italo became the first railway operator to install HEPA air filters, demonstrating a 50 million euro investment in traveller and employee safety.

A FULL RANGE OF ON-BOARD COMFORTS AND SERVICES

Italo offers a variety of tailored services and on-board entertainment experiences aimed at different traveller needs. Trains are equipped with three distinct travel environments: Smart offers great quality at competitive prices; Prima Business offers indulgent comfort and attentive services, ideal for travellers prioritizing relaxation and care. Executive Club elevates the travel experience with a more exclusive ambience and bespoke services, perfect for discerning clients accustomed to luxury. Italo guarantees complimentary WI-FI access on board to all passengers. Through the Italo Live portal, passengers can enjoy a range of complimentary entertainment options including movies, newspapers, digital books, music and games. For added convenience, the Cinema carriage features a selection of the best movies of the month for passengers to enjoy during their journey.

MEDICLINIC GROUP

mediclinic.com

In May 2023, MSC completed the acquisition of the international private healthcare services group, Mediclinic International plc (now Mediclinic Group), as part of a consortium alongside Remgro Ltd.

Established in South Africa in 1983, Mediclinic has divisions in Switzerland, Southern Africa (South Africa and Namibia) and the Middle East. It aims to offer a wide range of services from experts in different fields of healthcare, covering all stages of care, so that the Group can earn the trust and respect of its clients, doctors, funders and healthcare regulators in every market it operates in.

EMERGENCY RELIEF

MAIN PROGRAMMES AND INITIATIVES AROUND THE WORLD

We work independently and with trusted partners, selected for their expertise and impact, driving initiatives and programmes that create a better future for the planet and its people.

SUPER CORAL REEFS PROGRAMME

OCEAN CAY, THE BAHAMAS

The MSC Foundation is collaborating with a panel of internationally renowned scientists and conservation experts to protect, restore, and nurture 64 square miles of marine waters and ecosystems around Ocean Cay island in the Bahamas. Here, the Super Coral Reefs Programme is advancing coral reef conservation and restoration techniques to address the impacts of climate change and share these methods globally. This work will be supported by the Marine Conservation Center, currently under construction and set to open in April 2025.

PLASTIC WASTE GOES TO SCHOOL

CÔTE D'IVOIRE

PARTNER: UNICEF

Since 2009, we have partnered with UNICEF in life-changing programmes to fight malaria in Africa, to provide education for children living in the slums of Brazil and to combat child malnutrition, saving 100,000 young lives. Our most recent programme together is "From Plastic Bricks to Classrooms" in Côte d'Ivoire, where we're recycling plastic waste to build modern classrooms and support children's education, while enhancing the livelihoods of women waste collectors by improving their pay and working conditions.

TEACHING CARE OF THE SEAS

ITALY, SPAIN, PORTUGAL AND GREECE

PARTNER: MAREVIVO

The Mediterranean Sea is seriously overfished and heavily polluted with plastic. So, for over a decade, we have partnered with Italian marine conservation association Marevivo to build a community of responsible young citizens of the sea in the Mediterranean. Our projects with Marevivo are designed to heighten youth awareness of marine biodiversity, sustainable development and marine protected areas. We are educating tomorrow's marine professionals and supporting efforts to lobby for environmental legislation.

CORAL BIODIVERSITY ASSESSMENT

WORLDWIDE

PARTNER: INTERNATIONAL UNION FOR CONSERVATION OF NATURE (IUCN)

The MSC Foundation has partnered with the IUCN in a three-year initiative to assess coral health and risks globally, applying IUCN's standards such as the Red List of Threatened Species™. We supported IUCN's global coral assessment, which evaluated 892 warm-water reef-building coral species and highlighted a rising risk, with nearly half now threatened. Together, we strive to enhance conservation efforts and deepen understanding of coral ecosystems worldwide.

THE SHIPS OF HOPE

AFRICA

PARTNER: MERCY SHIPS

Since 2011, we have helped Mercy Ships bring hope and healing to thousands of people without access to modern healthcare in Africa. Our support has provided 35,000+ life-changing surgeries and trained 18,000+ professionals. In 2024, we made a groundbreaking agreement to support the construction of a brand-new hospital ship, also offering technical advice to help them create the best possible design for their needs. This new hospital ship will deliver free surgery and training to thousands more people.

HUMANITARIAN RELIEF

WORLDWIDE

The MSC Foundation mobilizes substantial resources and donations to provide prompt humanitarian support in crises thanks to MSC's global reach and networks. It joins forces with key operational partners to facilitate transportation, and sometimes to directly provide food, non-food, and medical supplies that are essential for the survival and recovery of impacted communities. Recent examples of people reached include those at risk of contracting COVID-19 in more than 20 countries, people affected by Hurricane Dorian in the Bahamas, refugees and internally displaced persons from the war in Ukraine, and earthquake survivors in Türkiye and Syria.
